

```
String s =
  "Test_will_be_greater_than_or_
    equal_to_Tuesday.";
```

- ① write an expression using s that returns the word "greater"
- ② ... returns "or_equal_to"
- ③ ... returns "Test_will_be_Tuesday."

note: + operator concatenates Strings together.

"str" + "ing"
string

Vocab: concatenate
(an AP word)
to "glue" 2 Strings
together

④ ... "Test_great_day."

```
String s = "Test will be greater than or equal to Tuesday.";
s
"Test will be greater than or equal to Tuesday." (String)
s.substring(13,19)
"greate" (String)
s.substring(13,20)
